mugello CIRCUIT

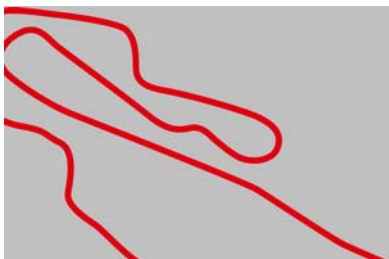

Mugello F1 Packages:

An exclusive location for hosting clients in an impressive sporting scenario: the VIP Hospitality is located at the first floor of the circuit's main building with an unbeatable sight over the Start/Finish straight.

Right at the heart of the F1 action, the room is elegantly furnished and from the covered balcony you will have a perfect view on the action in the Pit Lane, just few meters away from the starting grid. Perfect TV Coverage - thanks to our TVCC - and monitors in the room will allow you to follow the tests in complete relax.

A test session that tastes like a race: after four overseas races (the GPs of Australia, Malaysia, China and Bahrain) the teams make their first appearance in Europe to prepare for the next round, the F1 Grand Prix of Spain Santander 2012.
